

PRODUCT CATALOG

QINGDAO QC MACHINERY CO.,LTD

Product Name:

Fully automatic sewing assembly line

Product model:

QCF2402

Voltage:

220V

Air pressure:

0.6MPA、 0.8MPA

Power:

5/6/8KW

Efficiency:

6-12 meters per minute

Weight:

450KG、 600KG、 900KG

Suitable size range:

40CM-120CM / 120CM-200CM / 200CM-300CM

Equipment size:

2150*1350*1515MM / 3350*1550*1515MM

4225*1650*1515MM

Process description:

The feeding adopts a constant tension system, with optional edge wrapping, edge rolling, and edge grinding. It also has an alarm for wire breakage and material shortage, and automatic material collection
